On behalf of the Performance Racing & Tuning Council and the 4WD Industry Council, we invite you to join fellow members for a combined industry networking evening to coincide with the World Time Attack and Sydney 4WD & Adventure Show events for 2018.

Robert Johnson, Convenor of the PRTC will speak about the current and future opportunities for the Performance industry, with an update on the Auto Innovation Lab and our growing export markets. Nigel Bishop, Convenor of the 4WD industry Council, will then provide an update on the range of challenges facing the 4WD segment right now, and the importance of our representative voice.

This is not only an opportunity to hear from us on the developments and challenges that affect you but most importantly, this is your chance to participate in the conversation – what will be the future issues for our industry and how do we have an impact, both together as an industry Association and as individual companies?

You are more than welcome to invite your 4WD or Performance industry colleagues along to this event. In fact, non-members who attend and sign up to join one of the sub-councils on the night will receive a \$20 discount on their membership as a welcome to the association.
