## Important Information: Victorian Work

### Permits for Continuing Businesses

---

***As at 05 August 2020***

For automotive businesses able to continue work through the Victorian Stage 4 lockdown (Link to our pdf), workers will be required to have a permit to travel to work. This is a form to be completed by employer and employee and carried with the employee as they travel. Click [HERE](#) to download the form.

We note that the employer is required to state the permitted industry/activity on the form. Every employer must specify under what criteria the business is operating. To assist our members we have listed below suggested statements for each sector, taken from the Victorian Government's list of permitted on-site industries:

#### **Motor Vehicle Service and Repair**

Vehicle repair, servicing and maintenance, Automotive, machinery and equipment repair and maintenance are permitted to operate where providing support to a permitted service or industry or where required to maintain the health and safety of Victorians at home or at work.

#### **Retail**

Retailers work onsite for the purposes of fulfilling online orders, Vehicle repair, servicing and maintenance, Transport support services.

#### **Vehicle Modifications**

Vehicle repair, servicing and maintenance, Automotive, machinery and equipment repair and maintenance are permitted to operate where providing support to a permitted service or industry or where required to maintain the health and safety of Victorians at home or at work.

#### **Parts supply**

Retailers work onsite for the purposes of fulfilling online orders, Transport support services, Vehicle repair, servicing and maintenance.

#### **Manufacturing**

Transport support services, Parts Supply Chain for Vehicle repair, servicing and maintenance. Transport equipment manufacturing (critical to public transport service; spare parts manufacturing critical to continuity of service)

If applicable:

- Computer and electronic equipment manufacturing
