

WA Mandatory Vaccination Requirements for Workers

From December 1, the Western Australian Government is introducing mandatory vaccination requirements for workers in certain industries and occupations.

There are two groups of industries/occupations where these mandates will apply.

Group 1: workers required to receive their first dose of a COVID vaccine by 1 December 2021, and their second by 31 December 2021.

Group 2: first dose by 31 December 2021, and second by 31 January 2022.

Industries and occupations in Group 1 include:

- Air transport
- Staff working in or entering remote Aboriginal communities

Industries and occupations in Group 2 include:

- Commercial transport, freight and logistics
- Hardware stores

In the event of a lockdown, staff in other industries will also required to be fully vaccinated.

These industries include:

- Vehicle and mechanical repair services
- Retail
- Wholesalers
- Manufacturing

A comprehensive list of industries and occupations included in these groups is available [HERE](#)
